

# Little Blessings Christian Childcare Center Crisis Management Plan

## Purpose

This manual is about managing a crisis. Sooner or later each of us may be faced with a crisis. How we manage and communicate during this crisis will ensure the safety of each child in our school. Crisis management is about protecting our children and about communicating about our children – before, during, and after a crisis – with other children, parents, and emergency personnel.

The following plans of action have been developed to provide for the safety of our children in the event of a crisis. The plans will be followed by each member of the staff upon notification of a crisis situation by the Director, Program Coordinator, or a designee. The Crisis Management Plan will be reviewed by the staff on an annual basis as a part of the pre-service training before the opening of school.

## Crisis Kit

A Crisis Kit will be located on the wire shelf in the Director's office at all times as well as in a cabinet in the Barn and will contain the following items which may be needed in a time of crisis:

- Copy of the Crisis Management Plan
- Building map showing exact locations of utility shutoffs and pre-determined assembly areas
- Paper and pens/pencils
- Roster of all staff
- Emergency contact information of all staff
- Roster of all students
- Child Emergency Cards
- First Aid Kit
- Copies of CPR and First Aid manuals
- Portable radio and batteries
- Flashlight and batteries

## Evacuation Areas

**If need arises and Little Blessings has to be evacuated, there are two predetermined evacuation areas. The immediate evacuation will be the playground in the rear of the Little Blessings property.**

**If the emergency is such that it is necessary to relocate to a nearby location, the Director or Program Coordinator will contact Roberts Food Center, 514 Old Toll Rd, Madison, 203 421-3577. Children will be escorted to Robert's Food Center where they will wait in the Customer Service area for the all clear or their emergency contact person is able to pick them up.**

## Crisis Plan

- I. Responsibility
  - A. The School

Little Blessings will retain responsibility of all children on premises until they are released to a parent, caregiver, or other designated person, or until they have been transported to an official evacuation center, in which case the Director/Program Coordinator will remain with children until all have been reunited with their families.
  - B. The Staff

All staff will remain on the premises as service workers and will not leave the premises until the Director/Program Coordinator gives them official permission to do so. State regulated ratios for children under three years of age (1:4) and children over three years of age (1:10) will be maintained at all times at Little Blessings Christian Childcare Center.
  - C. Parents and Caregivers

Parents and caregivers should not telephone the center. They should listen to the radio or television for progress reports on whatever disaster is taking place and follow official instructions as relayed by officials via the radio or television. If parents and caregivers are able to reach the center without danger to themselves or without interference with disaster workers, they should come to pick up their children. Children will be released only to parents, caregivers, or other designated persons. Little Blessings will make a reasonable attempt to update parents by Facebook, email, and/or phone/text contact.
